Skills

Adaptability

Teamwork

Organizational skills

Good interpersonal and communication skills

Ability to deal with a heavy workload

Work Experience

2011 - 2014

Speciality Training in Medicinal Biopathology

General Hospital xxxxxxxx

2007 - 2009

Speciality Training in Medicinal Biopathology

General Hospital of xxxxxxxx

- Trained on the specimen sampling, the performance and the interpretation of laboratory results of a comprehensive repertoire of the most appropriate tests in the discipline in all the biological fluids.
- Trained on the specimen sampling, transport, storage and disposal, on the processing of sample materials as well as on the direct examination/verification, culture and identification of frequent isolated bacteria including mycobacteria, viruses, yeasts and fungi from human clinical samples.
- Trained in the performance of tests for antibiotic concentration, antibiotic resistant tests, and minimum inhibitor concentration (MIC).
- Trained on the basic principles of immunological methods, immunologic and serologic tests of bacteria, virus in bacterial and viral infections, serologic methods in mycology and parasitology as well as on special immune diagnostic methods as well as in the performance and identification of laboratory results based on the molecular biological tests such as PCR.
- Performed a comprehensive repertoire of the special tests in the discipline of Hemostasis, of staining and evaluation of peripheral blood and bone marrow smears, of the determination of normal and abnormal hemoglobulins using electrophoresis assays.
- Trained on the Principles of transfusion medicine, Immunohematology-specified diagnostic methods as well as compatibility testing and pre-transfusion of blood and blood-products testing.

Work Experience

- 2010 - 2011** **Rural Medical Service**
after the fulfillment of Mandatory Rural Medical Service,
Health Center of xxxxxxxx, Greece
- 2006 - 2007** **Mandatory Rural Medical Service**
in Regional Medical Centers of xxxxxxxxxxxxxx
- 2006** **Three-Months training program
of Mandatory Physicians' Rural Service**
Departments of Internal Medicine, Cardiology and Surgery of the General
Hospital of xxxxxxxxxxxxxx
- 2008 - 2010** **Serving in the Hellenic Red Cross Kastoria, Greece**
(Voluntary work)
- 1994** **Six-month practical training as a Medical Laboratory Technologist**
General Hospital xxxxxxxxxxxxxx

Education

- 2011 - 2014** **Master of Science**
in the medical specialization of Medical Biopathology
& **2007 - 2009** Aristoteles University of Thessaloniki, Greece
- 2011 - 2014** **Master of Science in Medicinal Chemistry**
The Open University, United Kingdom
Courses studied include:
a) Developing research skills in science
b) Molecules in medicine
c) Concept to clinic
d) Dissertation submission on the subject: 'Vancomycin- Resistant
Enterococci: new strategies for overcoming drug resistance'
- 1997 - 2005** **Degree of Medicine**
Medical School, Notional and Kapodestrian University of Athens, Greece
- 1990 - 1994** **Degree of Medical Laboratory Science Technologists**
Faculty of Health and Welfare Occupations, Department of Medical
Laboratory, Technological Educational Institute (T.E.I.)
of Thessaloniki, Greece
- 2010 - present** **Student of the undergraduate Degree Program**
'Studies in Greek Culture'
Faculty of Humanities and Social Sciences, Open University of Cyprus

Continuing Education & Training

As a trainee:

- Attendance of trainee coursework of the Medical Biopathology Society of northern Greece.
- Attendance of International Scientific Conferences : total 6
- Attendance of Greek Scientific Conferences: total 39
- Attendance of Greek Scientific Seminars: total 20
- E- learning courses participation
- Training programs for trainers' re-education:
25/06/2010 - 03/07/2010
"Reeducation of the Trainers on technological developments per specialization field", Institute of Continuing Adult Education of the General Secretariat for Lifelong Learning in Kozani, Greece
20/06/2010 - 04/07/2010
'Reeducation of the Trainers of the staff for Vulnerable Social Groups', Institute of Continuing Adult Education of the General Secretariat for Lifelong Learning in Kozani, Greece

As a trainer:

- Participate in the training programs of Medical Biopathology Specialty Trainees by presenting and teaching the following topics:
 - 1) 'Principles of methods in Biochemistry: Immunochemistry, Nephelometria, Chromatography'
 - 2) 'Gram positive bacteria'
 - 3) Myeloperoxidase'
 - 4) Rational Use of Antibiotics'
 - 5) 'Gram negative cocci'
- Teaching work in the lifelong learning structures:
07/02/2008 to 06/03/2008 (125 hours) Teaching of the program:
'Risks and crisis Management. Dealing with Emergency situations to a group of people of the general population',
Institute of Continuing Adult Education of the General Secretariat for Lifelong Learning in Kastoria, Greece

Scientific Work

Publication in Greek Scientific journal: 1

Dissertation works: 2

Presentations in Greek Scientific conferences: 20

Presentations in International Scientific conferences: 3

Participation on writing of Scientific book: 1

Foreign Languages

English:

Very good knowledge

Italian:

Elementary knowledge

Computer Skills

Membership in scientific societies

General Information

Diploma of ICT (interm

Interests

- Traveling and meeting new people
- Painting, theatre, walking
- Studying Greek literature and poetry
